Re: IN THE MATTER OF THE APPLICATION FOR A CERTIFICATE OF NEED FOR THE  
BIG STONE SOUTH – ALEXANDRIA – BIG OAKS TRANSMISSION PROJECT  
DOCKET NO. E002, E017, ET2, E015, ET10/CN-22-538

Dear Mr. Seuffert:

Northern States Power Company, doing business as Xcel Energy, along with Great River Energy, Minnesota Power, Otter Tail Power Company, and Western Minnesota Municipal Power Agency (collectively, the Applicants) submit this Notice Plan for approval by the Minnesota Public Utilities Commission (the Commission) pursuant to Minn. Rule 7829.2550. In accordance with Minn. Rule 7829.2550, subp. 1, copies of this Notice Plan have been provided to the Minnesota Department of Commerce, the Minnesota Office of Attorney General Residential Utilities and Antitrust Division, and to persons listed on the “General List of Persons Interested in Power Plans and Transmission Lines” as maintained by the Commission under Minn. Rule 7850.2100, subp. 1(A). Please contact me at [bria.e.shea@xcelenergy.com](mailto:bria.e.shea@xcelenergy.com) or 612-330-6064 if you have any questions regarding this filing.

Sincerely,

*/s/ Bria E. Shea*

BRIA E. SHEA  
REGIONAL VICE PRESIDENT, REGULATORY POLICY

## I. INTRODUCTION

Northern States Power Company, doing business as Xcel Energy (Xcel Energy), along with Great River Energy, Minnesota Power, Otter Tail Power Company (Otter Tail), and Western Minnesota Municipal Power Agency (Western Minnesota) (collectively, the Applicants) submit this Notice Plan for approval by the Minnesota Public Utilities Commission (the Commission) pursuant to Minn. Rule 7829.2550. This Notice Plan is intended to provide notice to all persons reasonably likely to be affected by the Minnesota portion of the Big Stone South – Alexandria – Big Oaks 345 kilovolt (kV) Transmission Line Project (the Project).<sup>1</sup>

The Project consists of a new 345 kV transmission line between Big Stone City, South Dakota, and Sherburne County, Minnesota which will be comprised of two segments.

- The western segment will run from the existing Big Stone South Substation near Big Stone City, South Dakota to the existing Alexandria Substation near Alexandria, Minnesota (Western Segment); and
- The eastern segment will continue on from the existing Alexandria Substation to a new Big Oaks Substation in Sherburne County, Minnesota (Eastern Segment).<sup>2</sup>

The Applicants intend to include both segments in a single Certificate of Need application and each segment in separate Route Permit applications. The proposed 345 kV transmission lines will traverse Grant County in South Dakota and Big Stone, Lac Qui Parle, Swift, Kandiyohi, Stevens, Pope, Douglas, Todd, Stearns, Wright, and Sherburne counties in Minnesota. The proposed Project is shown on **Attachment A, Figure 1**.

The Project was studied, reviewed, and approved as part of the Long-Range Transmission Planning (LRTP) Tranche 1 Portfolio by the Midcontinent Independent System Operator, Inc.'s (MISO) Board of Directors in July 2022 as part of its 2021 Transmission Expansion Plan (MTEP21) report.<sup>3</sup> The Applicants filed a notice of intent to construct, own, and maintain the Project with the Commission on October 12, 2022.

The LRTP Tranche 1 Portfolio will provide significant benefits to the Midwest subregion of the MISO footprint by facilitating more reliable, safe, and affordable energy delivery. The Project, designated as LRTP#2 in MTEP21, is a key part of the

---

<sup>1</sup> The Cassie's Crossing Substation has been renamed the Big Oaks Substation.

<sup>2</sup> The Western Segment and the Eastern Segment are herein referred to collectively as the Project.

<sup>3</sup> A copy of MTEP21 report is available online at: <https://cdn.misoenergy.org/MTEP21%20Addendum-LRTP%20Tranche%201%20Report%20with%20Executive%20Summary625790.pdf>.

LRTP Tranche 1 Portfolio. More specifically, the existing 230 kV transmission system in eastern North Dakota and South Dakota plays a key role in transporting and delivering energy to customers in Minnesota. The 230 kV system is at its capacity leading to a number of reliability concerns that could affect customers' service. The Project is needed to provide additional transmission capacity, to mitigate current capacity issues, and to improve electric system reliability throughout the region as more renewable energy resources are added to the electric system in and around the region.

Minn. Rule 7829.2550 requires a Notice Plan to be submitted for review by the Commission at least three months before filing a Certificate of Need application for any high voltage transmission line under Minn. Stat. § 216B.243. The Applicants therefore submit this Notice Plan for the Commission's approval.

## **II. NOTICE PLAN PROPOSAL**

The Applicants file this Notice Plan Petition and intend to file a Certificate of Need application for the entire Minnesota portion of the Project pursuant to Minn. Stat. § 216B.243 in the third quarter of 2023. Two separate Route Permit applications are being planned for the Project—one for the Western Segment and one for the Eastern Segment. Xcel Energy is leading this Notice Plan Petition and eventual Certificate of Need application for the Minnesota portion of the Project on behalf of the Applicants. Xcel Energy is also leading the Route Permit application for the Eastern Segment on behalf of the Applicants and will file that Route Permit application in accordance with Minn. Stat. § 216E.03.

Otter Tail and Missouri River Energy Services, on behalf of Western Minnesota, are assessing route alternatives for the Western Segment between the Big Stone South Substation in South Dakota and the Alexandria Substation in Minnesota. This assessment involves evaluating route alternatives, identifying opportunities and constraints, conducting stakeholder outreach including engaging applicable governmental and regulatory agencies, developing engineering, design, and construction information and preparing the Route Permit application. Otter Tail will lead the Route Permit application for the Western Segment and will file the application on behalf of itself and Western Minnesota in accordance with Minnesota Statutes § 216E.03. Otter Tail and Western Minnesota will also file the Route Permit application in South Dakota, along with any other applicable permits required within South Dakota, for the portion of the Western Segment that will be located in South Dakota.

This Notice Plan is prepared as an initial step in the Certificate of Need regulatory process. Preparation of a Notice Plan, and its review and approval by the

Commission, will ensure that interested persons are aware of the proceeding and have the opportunity to participate.

The area proposed to be included in notices under this proposal (Notice Area) is depicted in **Attachment A, Figure 1**. The Notice Area for the Western Segment, between the South Dakota border and the Alexandria Substation, is a wide area as potential routes for the new 345 kV transmission line for this portion of the Project are in development. The Notice Area for the Eastern Segment, between the Alexandria Substation and the Big Oaks Substation, is narrower as the majority of the Eastern Segment will involve stringing a second 345 kV circuit on existing transmission line structures. The Notice Area near the new Big Oaks Substation along the Eastern Segment is slightly wider to accommodate the development of route alternatives to connect the new 345 kV transmission line to this new substation.

### **A. Direct Mail Notice**

**Attachment A** presents a letter that will be mailed to landowners, residents, local units of government, elected officials, tribal contacts, and agencies in and around the Notice Area.

#### 1. Landowners

Minn. Rule 7829.2550, subp. 3(A) requires an applicant for a Certificate of Need to provide direct mail notice to all landowners reasonably likely to be affected by the proposed transmission line. The Applicants will compile landowner names and addresses within the Notice Area using tax records.

#### 2. Mailing Addresses

Minn. Rule 7829.2550, subp. 3(B) requires an applicant for a Certificate of Need to provide direct mail notice to all mailing addresses in the area that are reasonably likely to be affected by the proposed transmission line. The Applicants will obtain a list of mailing addresses in the Notice Area and remove addresses common to the landowner list.

#### 3. Tribal Governments

Minn. Rule 7829.2550, subp. 3(C) requires an applicant for a Certificate of Need to provide direct mail notice to tribal governments whose jurisdictions are reasonably likely to be affected by the proposed transmission line. A list of tribal governments and tribal government officials that will receive notice as part of this Notice Plan is included in **Attachment B**.

4. Local Governments

Minn. Rule 7829.2550, subp. 3(C) requires an applicant to provide direct mail notice to governments of towns, cities, home rule charter cities, and counties whose jurisdictions are reasonably likely to be affected by the proposed transmission line. The Applicants propose to provide direct mail notice to lead administration personnel in the towns, cities, home rule charter cities, and counties within the Notice Area. The notice will also be provided to the elected officials of those local units of government and to those State Senators and State Representatives whose districts are within the Notice Area. A complete list of government recipients is included in **Attachment B**.

**B. Newspaper Notice.**

Minn. Rule 7829.2550, subp. 3(D) requires an applicant to publish notice in newspapers in the areas reasonably likely to be affected by the transmission line. The proposed notice text is provided in **Attachment C**. The Applicants propose to place notice advertisements in the newspapers listed in **Table 1** below.

**Table 1. Newspaper Notice.**

| Name of Newspaper                   | County in General Circulation |
|-------------------------------------|-------------------------------|
| Star Tribune                        | Statewide                     |
| Ortonville Independent              | Big Stone County              |
| Alexandria Echo Press               | Douglas County                |
| Elbow Lake Grant County Herald      | Grant County                  |
| Wilmar West Tribune                 | Kandiyohi County              |
| Dawson Sentinel                     | Lac qui Parle County          |
| Glenwood Pope County Tribune        | Pope County                   |
| Becker Patriot News                 | Sherburne County              |
| Cold Spring Record                  | Stearns County                |
| St. Cloud Times                     | Stearns County                |
| Morris/Hancock Stevens County Times | Stevens County                |
| Appleton Press                      | Swift County                  |

|                             |               |
|-----------------------------|---------------|
| Swift County Monitor        | Swift County  |
| Long Prairie Leader         | Todd County   |
| Wright County Journal Press | Wright County |

After the filing of a Certificate of Need application, Minn. Rule 7829.2500, subp. 5 requires the applicant to publish newspaper notice of the filing in a newspaper of general circulation throughout the state. Given that under the proposed Notice Plan, the Applicants will publish newspaper notice of the Certificate of Need proceeding shortly before a Certificate of Need application is filed in the newspapers of local, regional, and statewide circulation, the Applicants request a variance of Minn. Rule 7829.2500, subp. 5, to remove this additional newspaper notice requirement.

The Commission shall grant a variance pursuant to Minn. Rule 7829.3200 when it determines that the following three requirements are met:

1. enforcement of the rule would impose an excessive burden upon the applicant or others affected by the rule;
2. granting the variance would not adversely affect the public interest; and
3. granting the variance would not conflict with standards imposed by law.

All three requirements are met in this instance. Per the Applicants' proposed Notice Plan, notice of the Project will be published in a statewide newspaper within 30 days of the Commission's approval of the plan. The rule would be an excessive burden on the Applicants because it would require an additional newspaper notice to be provided after the Certificate of Need application is filed, which will be close in time to the newspaper notice provided as part of the proposed Notice Plan. The public interest will not be adversely affected because notice of the Project in a statewide newspaper will be provided prior to the filing of the Certificate of Need application as part of the implementation of the Notice Plan. Granting the variance will not conflict with any legal standards as notice of the Project will still be provided in a statewide newspaper. As all three factors are met here, a variance of Minn. Rule 7829.2500, subp. 5 should be granted.

### **C. Notice Content**

Minn. Rule 7829.2550, subp. 4 requires notice packets to include several pieces of information including: a map; right-of-way requirements and statement of intent to acquire property rights; notice that the transmission upgrade cannot be constructed unless the Commission certifies that it is needed; Commission contact information; utility website information; a statement that the Minnesota Department of Commerce, Energy Environmental Review and Analysis (EERA) staff will prepare an environmental report; an explanation of how to get on the Project's mailing list; and a list of applicable regulatory laws and rules. As shown in the Example Landowner Notice (**Attachment A**) the Applicants' notice mailing will include these requirements.

The notice letter will serve three purposes: 1) to introduce and explain the need and location of the Project; 2) to encourage potentially-affected persons to participate in the regulatory process; and 3) to provide contact information for citizens and officials to obtain additional information about the Project and the regulatory process. The map (**Attachment A, Figure 1**) that will be included with the notice letter will depict the transmission line endpoints, existing transmission lines and substations, counties, townships, and notable landmarks to aid in orientation.

### **D. Distribution of Notice Plan Filing**

As required under Minn. Rule 7829.2550, subp. 1, this Notice Plan filing has been sent to EERA, the Office of the Attorney General – Residential Utilities and Antitrust Division, and to those parties listed on the “General List of Persons Interested in Power Plants and Transmission Lines.”

## **III. CONCLUSION**

The Applicants respectfully request that the Commission: (1) approve this Notice Plan; and (2) grant the variance from duplicative newspaper notice requirements under Minn. Rule 7829.2500, subp. 5.

Dated: March 10, 2023

\_\_\_\_\_, 2023

*RE: Notice of Certificate of Need Application for the Big Stone South – Alexandria – Big Oaks Transmission Project*

MPUC Docket No. E002, E017, ET2, E015, ET10/CN-22-538

This letter is intended to notify you of a proposed transmission line project and to:

1. Outline general Project location and a description of the need for the Project;
2. Describe how you can participate in the regulatory process; and
3. Provide contact information to receive additional information and to sign up for email and mailing lists.

Northern States Power Company, doing business as Xcel Energy (Xcel Energy), along with Great River Energy, Minnesota Power, Otter Tail Power Company (Otter Tail), and Missouri River Energy Services on behalf of Western Minnesota Municipal Power Agency (Western Minnesota) (collectively, the Applicants) are proposing to construct a new 345 kV transmission line between Big Stone City, South Dakota, and Sherburne County, Minnesota, which will be comprised of two segments (collectively referred to as the Project):

- The western segment will run from the existing Big Stone South Substation near Big Stone City, South Dakota to the existing Alexandria Substation near Alexandria, Minnesota (Western Segment); and
- The eastern segment will continue on from the existing Alexandria Substation to a new Big Oaks Substation in Sherburne County, Minnesota (Eastern Segment).

The majority of the Eastern Segment of the Project will include adding a second set of wires that will be strung on existing transmission line structures except for a short one-to four-mile segment of new construction to connect the new 345 kV transmission line to the new Big Oaks Substation. Proposed routes for the Western Segment of the Project are currently under evaluation by Otter Tail and Missouri River Energy Services, on behalf of Western Minnesota.

This notice is being provided to you because you fall into one of the categories listed below as they relate to the area shown in the attached “Notice Area” map.

- Landowners with property within the Notice Area;
- Residents living within the Notice Area;
- Local units of government in and around the Notice Area;
- State elected officials; and
- Government agencies and offices.

### **Why is the Project needed?**

The Project is a key part of a portfolio of new transmission projects that is necessary to maintain a reliable, safe, and affordable transmission system in the Upper Midwest. The existing 230 kV transmission system in eastern North Dakota and South Dakota plays a key role in transporting and delivering energy into Minnesota. The 230 kV system is at its capacity, leading to a number of reliability concerns that could affect customers' service. The Project is needed to provide additional transmission capacity, to mitigate current capacity issues, and to improve electric system reliability throughout the region as more renewable energy resources are added to the electric system in and around the region.

### **What is the regulatory process for the Project?**

Before construction can begin on the Project, the Minnesota Public Utilities Commission (the Commission) must determine whether the Project is needed in a Certificate of Need proceeding. If the Commission determines the Project is needed, it will then determine where the Project should be built through Route Permit proceedings.

The Certificate of Need process is governed by Minnesota law, including Minnesota Statutes Section 216B.243, and Minnesota Rules Chapters 7829 and 7849, specifically, Rules 7849.0010 to 7849.0400 and 7849.1000 to 7849.2100. A copy of the Certificate of Need application, once submitted, can be obtained by visiting the Commission's website at [www.mn.gov/puc/](http://www.mn.gov/puc/) in Docket No. E002, E017, ET2, E015, ET10/CN-22-538.

As part of the Certificate of Need process, the Minnesota Department of Commerce, Energy Environmental Review and Analysis (EERA) will prepare an environmental report as required by Minnesota Rule 7849.1200.

As noted, the Commission must also grant a Route Permit for the Project before it can be built. The routing of the Minnesota portion of the Project is governed by Minnesota law, including Minnesota Statutes Chapter 216E and Minnesota Rules Chapter 7850.

The Commission will not make these determinations until it has completed a thorough process that encourages public involvement and analyzes the impacts of the Project. The table below provides a high-level summary of the major steps in the Certificate of Need process.

**Major Certificate of Need Process Steps and Summary Schedule**

| <b>Step</b>  | <b>Approximate Date</b>                    |
|--|--|
| Pre-Application public meetings and stakeholder outreach | Second Quarter 2023                        |
| Certificate of Need Application submitted to Commission  | Third Quarter 2023                         |
| Informational Meetings (public meeting and comment)      | Fourth Quarter 2023                        |
| Environmental Report Issued                              | Fourth Quarter 2023/<br>First Quarter 2024 |
| Public Hearings (public meeting and comment period)      | First Quarter 2024/<br>Second Quarter 2024 |
| Commission Decision                                      | Second Quarter 2024/<br>Third Quarter 2024 |

**How will the regulatory process be structured?**

The Applicants intend to file a Certificate of Need Application for the entire Minnesota portion of the Project and two separate Route Permit applications—one for the Western Segment and one for the Eastern Segment.

Although all Applicants will participate in the regulatory process, Xcel Energy is leading the Certificate of Need application on behalf of the Applicants for the Minnesota portion of the Project and the Route Permit application for the Eastern Segment. With the exception of a short one-to four-mile 345 kV line near the new Big Oaks Substation, the Eastern Segment of the Project involves adding a second set of wires to the existing structures.

Otter Tail is leading the Route Permit application for the Western Segment on behalf of itself and Western Minnesota. Otter Tail and Missouri River Energy Services, on behalf of Western Minnesota, are assessing route alternatives for the Western Segment between the Big Stone South Substation in South Dakota and the Alexandria Substation in Minnesota by identifying opportunities and constraints, conducting stakeholder outreach, engaging applicable governmental and regulatory agencies, and developing engineering, design and construction information. Otter Tail and Western Minnesota will also file the Route Permit application in South Dakota, along with any

other applicable permits required within South Dakota, for the portion of the Western Segment that will be located in South Dakota.

### **How will the utilities acquire right-of-way necessary for the Project?**

Before beginning construction, the utilities will acquire property rights for the right-of-way, typically through an easement that will be negotiated with the landowner for each parcel. The typical right-of-way for a transmission line operated at 345 kV is 150-foot wide. Except for a short one-to four-mile segment, the Eastern Segment of the Project involves adding a second set of wires to existing structures so new right-of-way is not anticipated to be needed for the majority of the Eastern Segment of the Project.

### **How can I obtain additional information about the Project?**

To subscribe to the Project’s Certificate of Need docket and to receive email notifications when information is filed in that docket, please visit [www.edockets.state.mn.us](http://www.edockets.state.mn.us), click on the “Subscribe to a Docket” button, enter your email address and select “Docket Number” from the Type of Subscriptions dropdown box, then select “22” from the first Docket number drop down box and enter “538” in the second box before clicking on the “Add to List” button. You must then click the “Save” button at the bottom of the page to confirm your subscription to the Project’s Certificate of Need docket.

To be placed on the Project Certificate of Need mailing list (MPUC Docket ET6675/CN-22-538), mail, fax, or email Robin Benson at Minnesota Public Utilities Commission, 121 7th Place E., Suite 350, St. Paul, MN 55101-2147, Fax: 651-297-7073 or [robin.benson@state.mn.us](mailto:robin.benson@state.mn.us).

If you have questions about the state regulatory process, you may contact the Minnesota state regulatory staff listed below:

**How do I learn more about other transmission projects and the transmission planning process in Minnesota?**

Minnesota Statutes § 216B.2425 require that each electric transmission-owning utility in the state file a biennial transmission planning report with the Commission by November 1<sup>st</sup> of each odd-numbered year. These reports provide information on the transmission planning process used by utilities in the state of Minnesota and information about other transmission line projects. The 2021 Biennial Transmission Planning Report is available at: [www.minnelectrans.com](http://www.minnelectrans.com).

**Proposed Public Notice**

*Big Stone South-Alexandria-Big Oaks newspaper notice draft*

**Public Notice**

*RE: Notice of Certificate of Need Application for the Big Stone South – Alexandria – Big Oaks Transmission Project*

MPUC Docket No. E002, E017, ET2, E015, ET10/CN-22-538

This notice is intended to inform you of a proposed transmission line project and to:

1. Outline general Project location and a description of the need for the Project;
2. Describe how you can participate in the regulatory process; and
3. Provide contact information to receive additional information and to sign up for email and mailing lists.

Northern States Power Company, doing business as Xcel Energy (Xcel Energy), along with Great River Energy, Minnesota Power, Otter Tail Power Company (Otter Tail), and Missouri River Energy Services on behalf of Western Minnesota Municipal Power Agency (Western Minnesota) (collectively, the Applicants) are proposing to construct a new 345 kV transmission line between Big Stone City, South Dakota, and Sherburne County, Minnesota, which will be comprised of two segments (collectively referred to as the Project):

- The western segment will run from the existing Big Stone South Substation near Big Stone City, South Dakota to the existing Alexandria Substation near Alexandria, Minnesota (Western Segment); and
- The eastern segment will continue on from the existing Alexandria Substation to a new Big Oaks Substation in Sherburne County, Minnesota (Eastern Segment).

The majority of the Eastern Segment of the Project will include adding a second set of wires that will be strung on existing transmission line structures except for a short one-to four-mile segment of new construction to connect the new 345 kV transmission line to the new Big Oaks Substation. Proposed routes for the Western Segment of the Project are currently under evaluation by Otter Tail and Missouri River Energy Services, on behalf of Western Minnesota.

We are publishing this notice to inform those in the Notice Area, including:

- Landowners who own property in the area;
- Residents who live in the area;
- Local government units in the area;

- State elected officials; and
- Government agencies and offices.

Please see the Notice Area map for detail on where the Project may be located.

### **Why is the Project needed?**

The Project is a key part of a portfolio of new transmission projects that is necessary to maintain a reliable, safe, and affordable transmission system in the Upper Midwest.

The existing 230 kV transmission system in eastern North Dakota and South Dakota plays a key role in transporting and delivering energy into Minnesota. The 230 kV system is at its capacity leading to a number of reliability concerns that could affect customers' service. The Project is needed to provide additional transmission capacity, to mitigate current capacity issues, and to improve electric system reliability throughout the region as more renewable energy resources are added to the electric system in and around the region.

### **What is the regulatory process for the Project?**

Before construction can begin on the Project, the Minnesota Public Utilities Commission (the Commission) must determine whether the Project is needed in a Certificate of Need proceeding. If the Commission determines the Project is needed, it will then determine where the Project should be constructed through a Route Permit proceeding.

The Certificate of Need process is governed by Minnesota law, including Minnesota Statutes Section 216B.243, and Minnesota Rules Chapter 7829 and 7849, specifically, Rules 7849.0010 to 7849.0400 and 7849.1000 to 7849.2100. A copy of the Certificate of Need application, once submitted, can be obtained by visiting the Commission's website at [www.mn.gov/puc/](http://www.mn.gov/puc/) in Docket No. E002, E017, ET2, E015, ET10/CN-22-538.

As part of the Certificate of Need process, the Minnesota Department of Commerce, Energy Environmental Review and Analysis (EERA) will prepare an environmental report as required by Minnesota Rule 7849.1200.

As noted, the Commission must also grant a Route Permit for the Project before it can be built. The routing of the Minnesota portion of the Project is governed by Minnesota law, including Minnesota Statutes Chapter 216E and Minnesota Rules Chapter 7850.

The Commission will not make these determinations until it has completed a thorough process that encourages public involvement and analyzes the impacts of the Project. The table below provides a high-level summary of the major steps in the Certificate of Need process.

## Major Certificate of Need Process Steps and Summary Schedule

| Step   | Approximate Date                           |
|--|--|
| Pre-Application public meetings and stakeholder outreach | Second Quarter 2023                        |
| Certificate of Need Application submitted to Commission  | Third Quarter 2023                         |
| Informational Meetings (public meeting and comment)      | Fourth Quarter 2023                        |
| Environmental Report Issued                              | Fourth Quarter 2023/<br>First Quarter 2024 |
| Public Hearings (public meeting and comment period)      | First Quarter 2024/<br>Second Quarter 2024 |
| Commission Decision                                      | Second Quarter 2024/<br>Third Quarter 2024 |

### How will the regulatory process be structured?

The Applicants intend to file a Certificate of Need Application for the entire Minnesota portion of the Project and two separate Route Permit applications—one for the Western Segment and one for the Eastern Segment.

Although all Applicants will participate in the regulatory process, Xcel Energy is leading the Certificate of Need application on behalf of the Applicants for the Minnesota portion of the Project and the Route Permit application for the Eastern Segment. With the exception of a short one-to four-mile 345 kV line near the new Big Oaks Substation, the Eastern Segment of the Project involves adding a second set of wires to the existing structures.

Otter Tail is leading the Route Permit application for the Western Segment on behalf of itself and Western Minnesota. Otter Tail and Missouri River Energy Services, on behalf of Western Minnesota, are assessing route alternatives for the Western Segment between the Big Stone South Substation in South Dakota and the Alexandria Substation in Minnesota by identifying opportunities and constraints, conducting stakeholder outreach, engaging applicable governmental and regulatory agencies, and developing engineering, design and construction information. Otter Tail and Western Minnesota will also file the Route Permit application in South Dakota, along with any other applicable permits required within South Dakota, for the portion of the Western Segment that will be located in South Dakota.

### How will the utilities acquire right-of-way necessary for the Project?

Before beginning construction, the utilities will acquire property rights for the right-of-way, typically through an easement that will be negotiated with the landowner for each parcel. The typical right-of-way for a transmission line operated at 345 kV is 150-feet wide. Except for a short one-to four-mile segment, the Eastern Segment of the Project

involves adding a second set of wires to existing structures so new right-of-way is not anticipated to be needed for the majority of the Eastern Segment of the Project.

**How can I obtain additional information about the Project?**

To subscribe to the Project’s Certificate of Need docket and to receive email notifications when information is filed in that docket, please visit [www.edockets.state.mn.us](http://www.edockets.state.mn.us), click on the “Subscribe to a Docket” button, enter your email address and select “Docket Number” from the Type of Subscriptions dropdown box, then select “22” from the first Docket number drop down box and enter “538” in the second box before clicking on the “Add to List” button. You must then click the “Save” button at the bottom of the page to confirm your subscription to the Project’s Certificate of Need docket.

To be placed on the Project Certificate of Need mailing list (MPUC Docket ET6675/CN-22-538), mail, fax, or email Robin Benson at Minnesota Public Utilities Commission, 121 7th Place E., Suite 350, St. Paul, MN 55101-2147, Fax: 651-297-7073 or [robin.benson@state.mn.us](mailto:robin.benson@state.mn.us). If you have questions about the state regulatory process, you may contact the Minnesota state regulatory staff listed below:

**How do I learn more about other transmission projects and the transmission planning process in Minnesota?**

Minnesota Statutes § 216B.2425 require that each electric transmission-owning utility in the state file a biennial transmission planning report with the Commission by November 1<sup>st</sup> of each odd-numbered year. These reports provide information on the transmission planning process used by utilities in the state of Minnesota and information about other transmission line projects. The 2021 Biennial Transmission Planning Report is available at: [www.minnelectrans.com](http://www.minnelectrans.com).

IN THE MATTER OF THE APPLICATION  
FOR A CERTIFICATE OF NEED FOR THE  
BIG STONE SOUTH – ALEXANDRIA – BIG  
OAKS TRANSMISSION PROJECT

Docket No. E002, E017, ET2, E015,  
ET10/CN-22-538

**CERTIFICATE OF SERVICE**

Jill N. Yeaman certifies that on the 10th day of March 2023, on behalf of Applicants, she filed a true and correct copy of the **Notice Plan Petition** via eDockets ([www.edockets.state.mn.us](http://www.edockets.state.mn.us)) by uploading the same in the above-referenced docket. Said document was also served as designated on the attached Service List(s) on file with the Minnesota Public Utilities Commission; said document also was sent to the Minnesota Department of Commerce and the Minnesota Office of Attorney General Residential Utilities and Antitrust Division via email.
